It is with great pleasure that the Kangaroo Group invites you to its

10th LUNCH IN STRASBOURG IN 2019

Beyond the Common Agricultural Policy: Why do we need a Common Food Policy?

Integrating the EU Green Deal in Agriculture, Food and Health

The objective of the lunch debate is to foster a compelling discussion around the future of the Common Agricultural Policy to understand how the 2021 reform can deliver on its promises. As part of this conversation, we believe that environmental sustainability (e.g., sustainable food systems and plant-based diets), the new Green Deal (and the Farm to Fork strategy) and the food policy (e.g., food quality and safety) should be considered as key highlights for the debate.
