STRASBOURG LUNCH DEBATE

“Essential Oils: Cultural heritage and socio-economic challenges for a value chain at the heart of Europe”

Coming from the nature, with many European producers, essential oils have multiple applications. We find them in food, fragrances, cosmetics but also in growing sectors such as pharmaceuticals, biocides, pesticides and aromatherapy. They play a key role in people health, well-being and safety. They are intrinsically part of the European know-how and cultural heritage. Considering the increased expectation from citizens for naturality, the sector is facing the challenges of the Green Deal, its long term competitiveness and sustainable development.

Welcome and Chair:

Michael GAHLER MEP, President of the Kangaroo Group

Speakers:

Cristian BUSOI MEP, EPP/Romania, Chair of the Committee on Industry, Research and Energy

Joan CANTON, Member of the Cabinet of Commissioner Thierry Breton

Manolo DONAIRE, President of the European Federation of Essential Oils (EFEO)
